

CAIA Big IDEAS Discussion

“NSF Big Ideas - Where does agriculture fit?”

April 27, 2021 | 10:00-11:30a.m.

In this CAIA Big Ideas session, we are going to the pinnacle of Big Ideas: the NSF Big ideas! Do you think agriculture research, education, and extension is outside of the scope of the National Science Foundation funding? Let's tackle that concept, break down what the NSF Big Idea topics are, and empower CAIA Affiliate Faculty with the message of 'where does agriculture fit'. CAIA helps you Pursue Big Dreams, Tackle Big Ideas, and Win Big Awards. Attend this session to open your perspective to how CAIA affiliate faculty can pursue NSF Big Ideas funding with success.

From this session, CAIA faculty will have access to one-pager handouts about 'how agriculture fits in the NSF Big Ideas' and examples to help you with empowering you to pursue NSF funding.

Register [Here!](#)

**NSF'S
10 BIG IDEAS**

In preparation for the session, check out the NSF Big Ideas video:

https://www.nsf.gov/news/mmg/mmg_disp.jsp?med_id=81537.

In the registration, you will sign up for a 30 minute breakout discussion on one of the 5 big ideas and how agriculture (and CAIA) can contribute to advancing that big idea. Your contributions are important in these discussions.
